Methods used to secure payment

Insights from Credit Professionals

Germany

- Credit cards have helped with small balances as customers don't have to deal with trying to submit payment through the banking processes.
- Best to have local contact

Canada

- Deductions & disputes have increased due to tariffs and fees

Poland

- Customer communication is important
- Watch payment trends with other suppliers

China

- Ensure you have local data on customers. China is not required to share as much insight as other countries.
- 145% tariffs have had an effect

Insights from Credit Professionals

Non-country-specific Advice from the survey.

- Know your real customer, not the Trade/Banner name but the True Legal Entity (5 C's of Credit).
- Start early building a relationship with your customer, and include your salesperson
- Consistent communication with your key customers is essential
- Follow up with the customer's Procurement Dept and Finance Dept as many times as necessary.
- Obtain updated credit information Look for owner and addresses verification, as changes are often not communicated by the customer. Know all you can about the customer. Pull a credit report for payment history and legal status and name verification.
- With continued global inflation, tariff war in Canada and high interest, you need to know your true legal customer to prevent fraud and keep your A/R secured.
- It is important to know customer's payment process to avoid misunderstandings or delays due to administrative issues.
- Obtain financial statements on your customers and backstop sales with credit insurance.
- Ensure payment language is on the wire payments received.
